

Why Place1? Ten very good reasons

1. Apollo.

Campaign management software that means you can check exactly how we are doing 24hrs a day.

2. UK based UK company.

Not in India or Thailand on a crackly line.

3. We speak Marketing.

Not techno industry in-house SEO acronym gobbledygook language.

4. ROI driven.

Rankings and quality conversion-ready traffic driven because all traffic is not equal.

5. No salesmen.

We are not selling second hand cars. You will only speak to account managers who will only use your first name when you are on first name terms.

6. Our clients come to us.

We do not spam for clients.

7. Clear & concise.

In everything we do - on the telephone, in reports, by emails. We like to be understood.

8. Scalable.

We have a team of SEO experts to fit any requirements, small or big.

9. Track record.

We have achieved results for companies of all sizes, from SMEs to Corporate clients, using SEO for different objectives.

10. No Short-Termism.

We are committed to a long term relationship with our clients.
